# THE CAPABLE POINT DIFFERENCE

We deliver more than traditional accounting services—we provide strategic financial intelligence that transforms how you run your business. Our comprehensive approach ensures you're always ahead of challenges and positioned to capitalize on opportunities.

1

## Strategic Financial Intelligence

Gain a dedicated financial strategist who anticipates challenges and identifies opportunities before they become obvious. We provide the foresight you need to make proactive decisions.

2

## Cash Flow Mastery

Implement 90-day visibility systems so you are never caught off-guard by working capital constraints. Our advanced forecasting keeps you in control.

3

## Decision-Ready Analytics

Utilize real-time dashboards and scenario modeling for confident expansion and investment decisions. Make strategic moves backed by solid data.

4

## Compliance Without Complexity

We handle seamless SARS compliance, VAT, and payroll, freeing your time to focus on growth. Regulatory requirements managed effortlessly.

## FINANCIAL MANAGEMENT REPORTING

### Monthly Bookkeeping

Precise transaction processing and bank reconciliations delivered with insights. We ensure every number tells a story and every reconciliation reveals opportunities for improvement and efficiency.

### CFO Advisory

Strategic financial planning and board reporting—CFO-level thinking for SMEs. Access executive-level financial expertise without the full-time cost, giving you strategic guidance when you need it most.

### Annual Financial Statements

Compliant AFS with independent reviews. We prepare comprehensive annual financial statements that meet all regulatory requirements while providing valuable insights into your business performance.
